

Business Briefs: First County Bank grants almost out

First County Bank grants almost out

Since issuing its first grant this year in March to United Way of Western Connecticut, the First County Bank Foundation has donated more than \$552,000 to 94 nonprofit organizations in lower Fairfield County. But there's more money left to give, the Stamford-based bank said. To date, \$32,000 of the \$50,000 earmarked for small grants has been awarded.
